

Unité 3 – Jeux de classe

Regardez, c'est... !

Focus: This game is to practise negatives and adjectives.

Preparation: Write a list of adjectives on the board.

Jeu :

A student identifies (wrongly) a member of the class. Other students say who it really is. Then the first student asks a question about the member of the class using an adjective. The others answer yes or no. Other students can then take a turn. The game should not be too drawn out and should be quite fast.

Reference list:

Student A : *Regardez, c'est X !*

The class responds in chorus:

Non, ce n'est pas X, c'est Y !

Student A : *Ah bon ! Il / elle est sympa ?*

Class : *Oui, il / elle est sympa ! or Non, il / elle n'est pas sympa !*
